Old Khaitan, Kuwait

EDUCATION

Bsc Mechanical Engineering

UET Lahore
2016- 2020

Diploma of Associate Eng. Swedish Institue

2013 - 2016

Matric Multan Board

2010 - 2012

SKILLS

AUTOCAD

SOLID WORKS

Finite Element Analysis

UNITY

Graphic Design

Video Editing

WORK EXPERIENCE

QUALITY CONTROL INSPECTOR

2021 - 2023

SUPER ASIA GROUP PAKISTAN

Designing, developing, and implementing best quality processes and practices for product development. Developing and initiating quality standards for inspections, evaluations, and tests. Maintaining, monitoring, and ensuring the highest quality in products or services.

INTERN

9/2020 - 10/2020

WAPDA - HYDEL POWER STATION NANDIPUR

- Thorough study of hydro-electric power plant carried out.
- Detail study of turbine runner, guide vanes, bearings, generator and governor was carried out.
- Learn the effects of cracks due to vibrations in a turbine and how we can remove them.
- Also got deep understanding of different type of pumps and seals.
- Annual shut down was in progress and it was observed that turbine blades were in a very bad shape due to the cavitation process. Turbine blades were repaired using welding and grinding. The whole maintenance activity was witnessed.

INTERN

SHEIKHOO SUGAR MILLS

6/2018 - 7/2018

Developed understanding of different operations in departments like Production Planning & Control, Fabrication, Machining, Quality Control, NDT Laboratory, Heat Treatment, Forging Unit, Steel Foundry & Assembly department.
